The Packer and Horse is your Guide. You will have at least 1 Guide on your trip each way.

*You can "pack in" to an exciting wilderness vacation as easily as you can drive to a popular roadside lake or stream.*

Miles and miles of beautiful high country filled with countless crystal clear lakes, sparkling streams, breathtaking mountains and valleys filled with classic stands of Lodgepole Pine, White Fir and a colorful array of wild flowers that you will see only in the Eastern Sierra country.

We're off the beaten path on Sonora Pass (Highway 108) just a few miles west of Highway 395 with good paved road right to our front door.

Look through our web site and then call us to make your reservations. We look forward to serving you while in the High Sierras.

*Remember to bring your camera!!!*

## Spot Trip

You are taken by horseback, your gear and provisions by pack animal, to a desirable campsite on a lake or stream. The packer and stock then return to the Pack Station. You are picked up on a predetermined date, usually by the same packer. This type of trip has the desirability of modern riding, comfortable base camping and low cost. You are expected to furnish all your own camping equipment. The duration of your stay in the backcountry is up to you.

### Trail Rides

<b>1 Hour</b>	<b>\$35.00</b>
<b>2 Hour</b>	<b>\$60.00</b>
<b>1/2 Day</b>	<b>\$75.00</b>

For detailed information visit our web site. Reservations are suggested. Hour rides depend on availability of stock and guides.

## Base Camp

Camp on a high country lake or stream with the majestic peaks of Northern Yosemite Park as a backdrop. You bring your personal gear, sleeping bag and pad, fishing gear and camera, and we'll furnish everything else. The camp will be complete with spacious tents; delicious meals served outdoors, tables to eat at, folding chairs, portable showers and a private toilet area.

You'll leave Leavitt Meadows Pack Station and ride into the backcountry with your Guide/Packer. Lunch, your first meal on the trip, may be enjoyed on the trail or when you reach camp. Camp will be already set up, so all you have to do is get your gear stowed in your tent and spend the next few days hiking, fishing or photographing wild life, flowers or scenery that your friends won't believe without the picture you bring home.

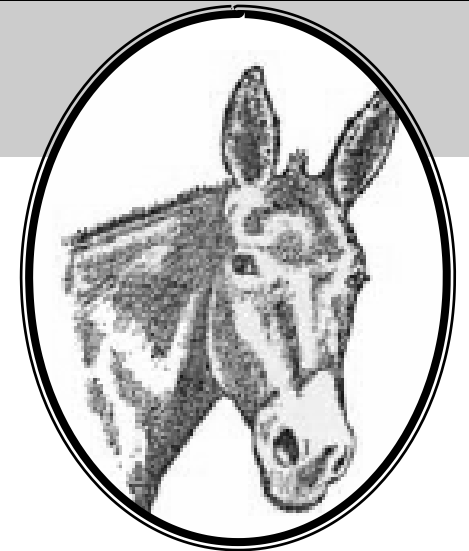

Just lay around camp, read a good book or do whatever you like, after all it's your vacation. Then the last day, after lunch, your last meal of the trip, ride back to the Pack Station, arriving in late afternoon.
